Dear Colleagues

Greeting for the New Year from the Department of Statistics, Dr. Babasaheb Ambedkar Marathwada University Aurangabad. (MS), India. With great pleasure we invite you to the first NATIONAL WORKSHOP ON EXPLORATORY STATISTICAL DATA ANALYSIS USING STATISTICAL SOFTWARES to be held in the Department of Statistics on 22nd and 23rd FEBRUARY, 2012.

Objective of the Workshop

The present workshop provides an opportunity for young academicians and researchers to enhance their knowledge base by getting exposed to recent advances in the field of EXPLORATORY DATA ANALYSIS and to have hands on experience of user friendly software's related to Statistics like SPSS, SAS, MatLab, Minitab, SYSTAT, R-Software. During two days workshop, leading practitioners, industrialists, consultants and academia from premier educational institutions in the country will participate and deliver lectures.

About University

The 23rd August 1958 will be inscribed in golden letter in the annals of the history of the Dr. Babasaheb Ambedkar Marathwada University, as it was on the day that Late Pt. Jawaharlal Nehru, Prime Minister of India, inaugurated the university.

Dr. Babasaheb Ambedkar Marathwada University, Aurangabad has been the prime educational institute of Marathwada region catering the needs of whole region. NAAC has accredited this university as B+. Dr. BAMU has jurisdiction of four districts- Aurangabad, Jalna, Beed and Osmanabad. University has recently celebrated the golden jubilee of its foundation with motto *knowledge is sacred and is the source of enlightenment*. More than 350 colleges are affiliated to this university. The region has rural background & most of the students coming to this university are from socially and economically

backward classes. This university is educating the rural youth struggling for their career which shows the commitment of social development of backward region like Marathwada. Thus, Dr. BAMU symbolizes excellence and social commitment in education in Marathwada region. University has organized national & international workshops /seminars in the university Departments and affiliated colleges. Many eminent scientists & her excellency President of India Mrs. Pratibha Patil visited this university. The university has almost all the Departments which are catering the needs of the students in modern times.

Department of Statistics

The Department of Statistics was established in the year 1968 along with Mathematics. As per the need of the era, independent Department of Statistics came into existence on 2nd May, 1992.

The Department offers M.A./M.Sc. Statistics degree along with Ph.D. in Statistics as a commitment to higher education to rural youth. The Department has produced more than 800 post graduate students and more than 65 Ph.D. students so far. The thrust areas of research are Advanced Sampling, Operation Research, Industrial Statistics, Actuarial Statistics and Design of Experiments. The alumni of this Department are presently working in various fields like Education, Industry, Banks, Insurance, Agriculture, Medical, Central & State Govt. Services. The network of the alumni of this Department is spread all over the country. The Department has computer lab with 16 computers with internet facility and ten user SPSS 11.5 software.

Workshop Topics

- An overview of SPSS & its applications in Multivariate Analysis.
- SAS, SYSTAT Software & its utility in Statistical Analysis.
